

stone, Virginia, he had met with another ciliated protozoan, *Licnophora cohnii*, in the waters of the Chesapeake, also found in the Mediterranean and North Sea, and now for the first time recorded as occurring in the American fauna. The existence of congeneric and conspecific protozoan forms on both sides of the Atlantic had been alluded to before by the speaker; of these he had noticed *Cothurniæ*, *Vorticellæ*, *Zoöthamnia*, *Freia producta*, *Tintinnus*, *Rhipiododendron*, and several *Gastrotricha* which appear conspecific with old world types.

---

OCTOBER 25.

The President, Dr. RUSCHENBERGER, in the chair.

Thirty-nine persons present.

Art. 3, Chap. XV, of the By-Laws was amended by adding after the word "election" in the second line, the words "and resignation."

Mr. W. N. Lockington was elected a member.

The following were ordered to be printed:—
